

KORAT PRECISION
AND CONSTRUCTION ENGINEERING 1995 Co.,Ltd.

KORAT PRECISION
AND CONSTRUCTION ENGINEERING 1995 Co.,Ltd.

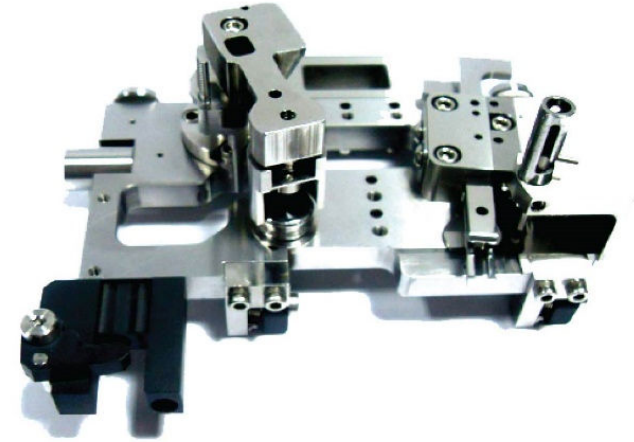

Company profile

Korat precision and Construction Engineering 1995 co., Ltd. (KP) is Modeling Machine Shop which is work by Customer's drawing requirement and also designed improper part to support quality, precision , accuracy for customers satisfies.

KP. was started Around Suranaree Industrial Zone in 1995 with four million bath capital.Until 3 years ago, the company has located to 583 Moo 2 Tambol Suranaree , Amphur Muang, Nakorn ratchasima, Currently factory. The business and manufacturing were more expanded to more capital and facilities over 30 machining types support with 2,000 square meters.

We have made parts for all type of industries.
We are Specialized in Automation machine parts.
Precision production parts. CNC precision parts .
Fabrication and Assembly Jig& fixtures for electronic & harddrive assembly plants.
Prototype components.Fabrication Precision Machining Parts.
Fabrication Precision Jig & Fixtures. Fabrication HSS + Carbide Punch & Dies.

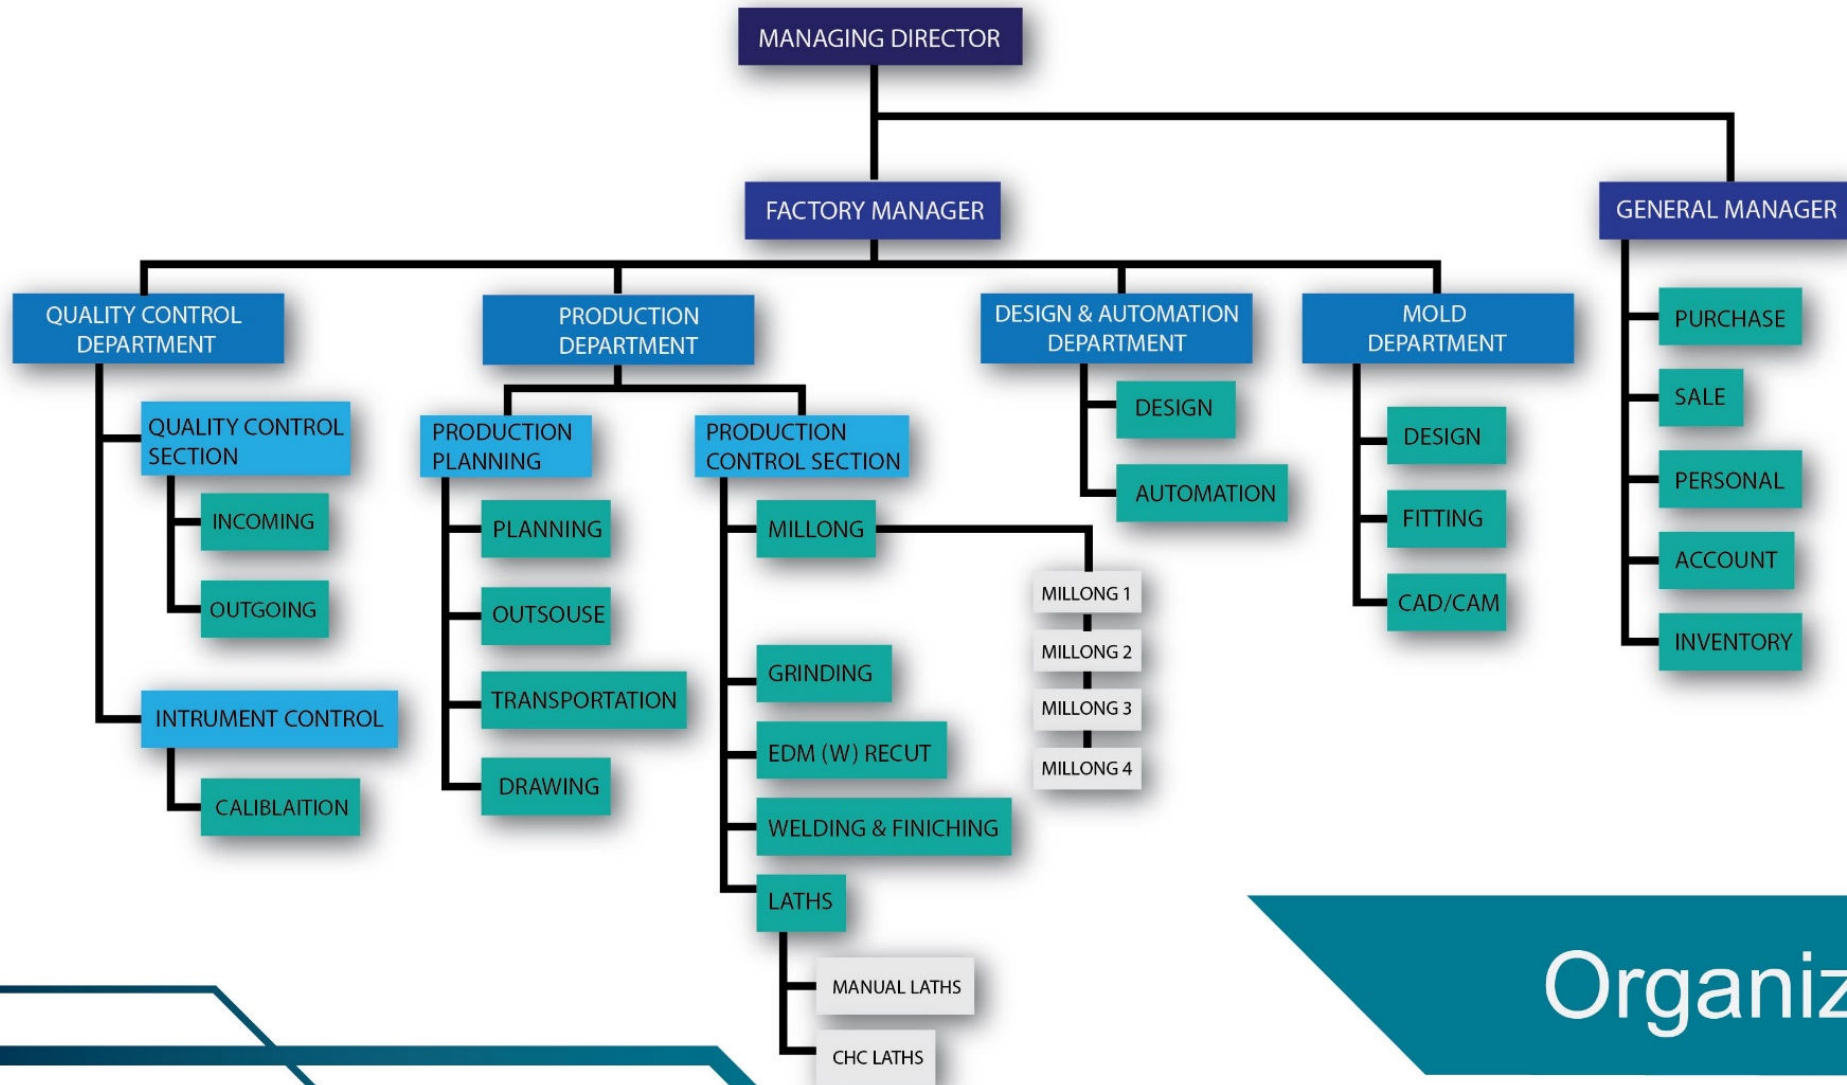

- Custom Design & Fabrication Extrusion Tooling.
- Jigs & Fixtures.
- General machine & Welding.
- Fabrication Precision Spare Parts.
- Fabrication Precision Machining Parts.
- Precision Tools Making (HSS/Carbide Punch & Dies)
- Precision Jig & Fixtures For Hard Drive Assembly Plants.
- Making Carbide Punch & Die Parts.
- Precision production parts.
- CNC precision parts.
- Prototype components
- Design Injection Mold.
- Insert Mold & Spare Parts For Injection Mold.
- Mold Base For Injection Mold.
- Production Gauge.(Pin Gauge,Plug Gauge,Block Gauge)
- High Precision Gauges.
- Services : Flash Chrome (Hard Chrome) Plating
Steel Blackening , Passivation Plating
Electroless Nickle Plating , Anodizing , Nylon cloating Etc.

We work with all type of material: Stainless Steel, Aluminum and machine able Plastics, ESD material etc. We have a quality Inspection Department to ensure absolute accuracy for every machine job. We produce for you. We want you to have the best product on the market and Korat Precision wants to help you get it there.

KP quality and document control system are modeled after the international standard. KP has a fully integrated system in place and ISO-9001 : 2008 Validated . approve by the early of 2008.

Much more than a normal machine shop; use our full service design team to help you create prototypes of your equipment.

Organization

KORAT PRECISION
AND CONSTRUCTION ENGINEERING 1995 Co.,Ltd.

Quality Policy

“Deliberate high quality produce.”

“On-time delivery.”

“Constant Employee development.”

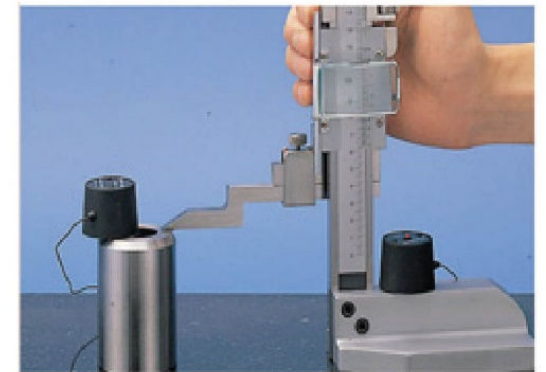

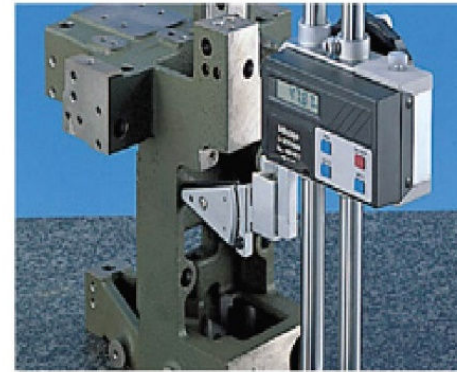

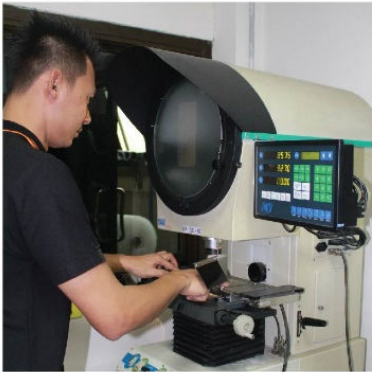

ISO 9001:2008 Certified
by TUV NORD Thailand

KORAT PRECISION
AND CONSTRUCTION ENGINEERING 1995 Co.,Ltd.

Quality Assurance

- KP has been audited yearly by customers.
- Tractability for equipments calibration is standardization with international.
- KP quality and document control system are modeled after the international standard.
- KP has a fully integrated system in place and ISO-9001 : 2008 Validated Approve by the early of 2008.

KORAT PRECISION
AND CONSTRUCTION ENGINEERING 1995 Co.,Ltd.

Fully Service CNC Machine facility.

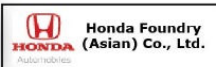

Korat precision company is the best choice for your metal fabrication needs for the following reasons.

- **Prototype Low volume.** [Ability ramp up or down quickly to match customer order requirements.]
- **Quality work.** [Recognized leader in quality with ISO 9001:2008]
- **Fair pricing.** [Customer can be negotiate prices.]
- **Safe, Friendly Services.** [We maintain confidentiality to customers very well.]
- **Timeliness.** [Recognized leader for on time delivery.]
- **20 years Experience** [Past experience is very reliable.]
